

THE CLUMSY SOMMELIER

WINE IS BETTER WHEN IT IS SHARED

CORPORATE EXPERIENCES

Team building, with a twist (and a glass of wine).

Forget awkward icebreakers. Bring your team together over good wine, interesting flavours and a little friendly competition. My tastings are relaxed, interactive and made for conversation, not wine experts.

WHAT COULD YOUR TEAM GET UP TO?

Blind tasting challenge

Put your senses to the test. Guess the grape, region or price and see who really knows their wine.

Wine & food pairing

Discover how a bite of cheese, chocolate or something unexpected can completely change a glass of wine.

A tasting with your own twist

Sparkling showdowns, regional discoveries or a theme inspired by your team. We can make it yours.

YOUR TEAM. YOUR PACE. YOUR PLACE.

I can welcome your group to my tasting space in Warwickshire or bring the experience to you. Group size, wine selection, food and pricing are tailored to your plans, so just tell me what you have in mind.
